Dear Disposal Permit Holder:

Please be advised that pursuant to the County Code, Chapter 109, any person engaged in the business or practice of collection of solid waste from residential, commercial, or industrial establishments must obtain an annual collection permit that is different from your disposal permit.

Enclosed are a bond form and an application to permit your company to dispose of solid waste in Fairfax County. Obtaining an annual disposal permit allows your company to use the Fairfax County I-66 Transfer Station, I-95 Landfill and the I-95 Energy/Resource Recovery Facility (E/RRF), the County's designated disposal facilities.

A bond is required in order to obtain a disposal permit. You may obtain your bond from a bonding or insurance company in the amount of \$2,500 for each vehicle. The bond must be dated from the day it is issued through June 30, 2006. If a bond cannot be obtained, alternative financial mechanisms in lieu of bonding requirements may be considered by the Director of this Division. Please contact the office for further details. The name on the bond must be the same as the name of the permitted company. In order to obtain your permit, you must return your **Disposal Permit Application** and **original bond** to the:

Division of Solid Waste
Disposal and Resource Recovery
12000 Government Center Parkway
Suite 448
Fairfax, VA 22035-0059

OR

Bring the completed application and original bond to:

I-66 Permit Office
4618 West Ox Road
Fairfax, VA 22030

OR

I-95 Permit Office
9850 Furnace Road
Lorton, VA 22079

Office Hours: Monday – Friday from 8:00 a.m. to 4:30 p.m.

In either case, make sure that the application and bond is signed by an authorized agent of your company, and that you list only vehicle(s) that are covered by your disposal bond.

Please be advised that disposal permits expire on June 30 of each year, and must be renewed annually during the months of May and June in order to comply with applicable County codes and to continue to use I-66 and I-95 Solid Waste Disposal facilities.

Disposal companies who wish to continue with the waste delivery/disposal agreement will need to sign the attached commitment contract. Contract rates of \$44.95 per ton are available for waste disposal at the Transfer Station and the E/RRF. If your company has not executed a contract, contact this office for specific details.

Disposal Fees

The disposal fees during Fiscal Year 2006 (July 1, 2005 – June 30, 2006) for the I-95 Landfill, I-95 E/RRF and the I-66 Transfer Station for regular solid waste materials will be:

◆ Solid Waste from Fairfax County	\$48.00 per ton
◆ Solid Waste from Fairfax County with Contract	\$44.95 per ton
◆ Brush, limbs and tree products	\$30.00 per ton
◆ Yard Waste, Bagged and Loose	\$44.95 per ton

Fairfax County currently participates in the Virginia End User Tire Program. Tire disposal rates for tires without rims are as follows:

◆ Non-End User (Non Virginia)	\$ 82.50 per ton
◆ Virginia User (Virginia Only)	\$ 60.00 per ton
◆ Oversize Tires	\$135.00 per ton
◆ Muddy or Dirty Tires (additional fee)	\$ 10.00 per ton
◆ Tires with Rims (additional fee per tire)	\$ 4.00 each

To be eligible for the End User Program, tire generators and haulers must complete a Virginia Certification Form (available from the scale facility or the Virginia Department of Environmental Quality).

If necessary, a temporary permit may be issued to your company at the I-66 Permit Office. The purpose of the temporary permit is to allow your company time to obtain the necessary documents for the disposal permit.

The temporary permit is valid for two (2) weeks and may not be renewed or extended. Upon arrival at the I-66 Permit Office, present a business card with your company name, mailing address and phone number, driver's license and a valid vehicle registration.

Payment Procedures

Invoices from the Division of Solid Waste Disposal and Resource Recovery (DSWDRR) are **due and payable by the due date shown on the monthly invoice**. If not received on time, **interest will be charged on the outstanding balance from the first day following the day such amount is due at the rate of 10% annualized, or \$10 whichever is greater**. This charge will show on the next monthly invoice as a separate line item. Please make your checks payable to County of Fairfax – DSWDRR.

Lost Tickets

A fee of \$5 per ticket will be charged for replacement of lost or missing disposal tickets.

Origin & Type of Waste Material

All drivers are required to identify the origin and type of the material they are delivering to the disposal facilities. This allows the County to track the origins and types of waste required for state reports.

Cardboard Recycling

Dedicated loads of cardboard should be recycled in one the area's Material Recovery Facilities (MRF). You may call ahead to receive the price currently being paid by recycling facilities for old corrugated cardboard (OCC). Your company may be able to save on disposal fees and you could also receive revenue for the cardboard delivered to one of the local MRFs listed below:

Capitol Fiber
6610 Electronic Drive
Springfield, VA 22151
703-658-0200

Safety

Safety vests with reflective material or clothing and reflective markings (orange and yellow), must be used by employees who get out of their vehicles while unloading refuse on the tipping floor. This is a safety requirement to ensure that workers are seen by equipment operators on the tipping floor. So please, remind your drivers to wear their safety equipment. Please drive safely.

If there are any questions regarding these procedures, please contact Ms. Dynita Glenn at (703) 324-5230 or the permit office at the I-66 Transfer Station at (703) 631-0495.

Very truly yours,
